Report On The Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of The Pepin Academies, Inc. d/b/a Pepin Middle School (Charter School), a component unit of the Hillsborough County District School Board, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Charter School's basic financial statements as listed in the table of contents.

Management's Responsibility For The Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of The Pepin Academies, Inc. d/b/a Pepin Middle School, as of June 30, 2013, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

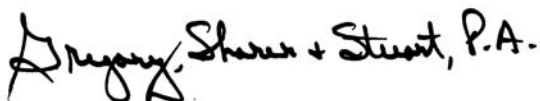

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 6 through 10 and the Budgetary Comparison Schedules on pages 25 through 27 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required By *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 27, 2013 on our consideration of The Pepin Academies, Inc. d/b/a Pepin Middle School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering The Pepin Academies, Inc. d/b/a Pepin Middle School's internal control over financial reporting and compliance.

Management's Discussion And Analysis
June 30, 2013

The following pages represent Management's Discussion and Analysis (MD&A) of The Pepin Academies, Inc. d/b/a Pepin Middle School (Pepin). It depicts and reviews the financial picture and activities of Pepin as of and for the year ended June 30, 2013.

The intent of this MD&A is to present a picture and assessment of Pepin's financial performance in an effort to more clearly demonstrate to readers the results of this year's financial operations. Readers should review this MD&A along with the basic financial statements and the notes to the basic financial statements.

Using The Financial Statements

This financial report consists of three parts: management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of Pepin:

- The first two statements are government-wide financial statements that provide information about Pepin's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of Pepin, reporting Pepin's operations in more detail than the government-wide statements.

The notes to the financial statements explain some of the information in the financial statements and provide more detail. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements.

This document also includes the independent auditors' report on compliance and internal control required by *Government Auditing Standards*, as well as the management letter required by the Rules of the Florida Auditor General.

Government-Wide Financial Statements –

The government-wide financial statements report information about Pepin as a whole using accounting methods similar to those used by the private sector. The statement of net position includes all of Pepin's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities, regardless of when cash is received or paid.

The two government-wide financial statements report Pepin's net position and how it has changed. Net position – the difference between Pepin's assets and liabilities – is one way to measure Pepin's financial position. Over time, increases or decreases in Pepin's net position are an indicator of whether Pepin's financial position is improving or deteriorating. To assess the overall financial position of Pepin, one needs to consider additional nonfinancial factors such as changes in Pepin's student base funding level.

Fund Financial Statements –

The fund financial statements provide more detailed information about Pepin's most significant funds, not Pepin as a whole. A fund is a self-balancing set of accounts which Pepin uses to keep track of sources of funding and spending.

Pepin's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year end that are available for spending.

Financial Highlights

- The year ended June 30, 2013 was Pepin's eighth year of operations.
- Net position increased \$165,509 from \$359,704 at June 30, 2012 to \$525,213 at June 30, 2013. The increase is composed of the following:

	<u>Increase (Decrease)</u>
Net position invested in capital assets	\$ 19,561
Unrestricted net position	145,948
	<u>\$ 165,509</u>

The net increase in Net Position Invested in Capital Assets resulted from the following:

	<u>Increase (Decrease)</u>
Capital assets purchased	\$ 40,897
Depreciation expense	(21,336)
	<u>\$ 19,561</u>

The net increase in Unrestricted Net Position resulted from operating activities the significant elements of which are described below.

- Total assets increased \$186,564 from \$407,995 at June 30, 2012 to \$594,559 at June 30, 2013. The net increase is attributable to the following:

	<u>Increase (Decrease)</u>
Cash	\$ (157,218)
Accounts receivable, related entities	327,654
Other assets	(3,433)
Capital assets, net of accumulated depreciation	19,561
	<u>\$ 186,564</u>

The net increase in Capital Assets resulted from \$40,897 capital assets purchased less \$21,336 of depreciation expense. Other changes resulted from ordinary operations as discussed below.

- Total liabilities increased \$21,055 from \$48,291 at June 30, 2012 to \$69,346 at June 30, 2013. The increase is attributable to the following:

	<u>Increase (Decrease)</u>
Accounts payable	\$ 1,495
Accrued payroll	19,560
	<u>\$ 21,055</u>

The Pepin Academies, Inc. d/b/a Pepin Middle School

Management's Discussion And Analysis
June 30, 2013

- Total revenues were \$2,360,271 for the year ended June 30, 2013, a net increase of \$715,772 from total revenues of \$1,644,499 for the year ended June 30, 2012, and consisted of the following:

Federal sources passed through local school district	\$ 135,233
State and local sources	2,003,438
Contributions and other revenue	221,600
	<u>\$ 2,360,271</u>

State and local sources revenues were based on the student population and the proportion of the student population entitled to ESE Guaranteed Allocation. The total weighted FTE was 183.9540 for the 2012/2013 school year, an increase of 42.5540 from the 2011/2012 school year. The ESE Guaranteed Allocation FTE population was 151.5000 students for the 2012/2013 school year, an increase of 40.5000 from the 2011/2012 school year.

Contributions and other revenue for the year ended June 30, 2013 consisted of \$38,912 student-paid lunches, \$31,881 community service child care and camp fees, plus miscellaneous donations and other revenue of \$150,807.

Pepin anticipates increased state and local sources revenue during the 2013/2014 school year due to increased FEFP rates. Pepin anticipates no substantive change in enrollment. Contributions and other revenues will likely remain unchanged.

- General Fund expenditures were \$1,849,657 for the year ended June 30, 2013, an increase of \$339,798 from the year ended June 30, 2012 and consisted of the following:

Instruction and pupil personnel services	\$ 1,212,932
School administration	339,430
Facilities acquisition and construction	44,206
Fiscal services	13,051
Food service	44,919
Transportation	3,376
Operation and maintenance of plant	181,249
Community service	10,494
	<u>\$ 1,849,657</u>

The above costs are proportionate to the level of costs incurred in serving Pepin's student population in light of the 38% increase in the student population during the 2012/2013 school year. The above costs are expected to increase in the 2013/2014 school year in proportion to inflation.

- Capital Outlay Funding received from the State was \$55,479 in the 2012/2013 school year. This amount was used in total to fund Debt Service Fund expenses of \$158,640. An additional \$103,161 was transferred from the General Fund to the Debt Service Fund to cover the excess of debt service expense over capital outlay revenue received.

General Fund Budget Comparison

Pepin's budget was prepared prior to the start of the 2012/2013 school year and was revised several times during the school year to reflect over budgeted revenues and costs of providing services to students. The net variance from the final General Fund budget was \$115,145 positive and was a consequence of the following general factors:

	Positive (Negative) Variance
Revenue impact of FTE and student population mix variance from budget	\$ (3,089)
Actual contribution and fund raising event revenue higher than amount budgeted	4,843
Lower than anticipated costs of providing services to students	31,352
Lower than anticipated administration, fiscal services, and plant operation costs	73,673
Excess of debt service principal over revenue earmarked for debt service	8,366
	<u>\$ 115,145</u>

Capital Assets

Over \$40,000 of capital assets were acquired during the 2012/2013 school year with cost greater than Pepin's minimum capitalization threshold (\$750). Depreciation expense in the government-wide financial statements was calculated utilizing the straight-line method and useful lives of thirty, seven, and five years for building improvements, furniture and fixtures, and classroom equipment, respectively. Total depreciation expense for the year ended June 30, 2013 was \$21,336.

At June 30, 2013 capital assets consist of:

Building improvements	\$ 8,578
Furniture, fixtures, and equipment	<u>233,928</u>
	242,506
Accumulated depreciation	<u>(173,362)</u>
Total capital assets, net of depreciation	<u>\$ 69,144</u>

Economic Factors And Next Year's Budget

The 2012/2013 school year was Pepin's eighth year of operations. It was a very successful year educationally and satisfactory from a financial point of view. Pepin was able to successfully increase enrollment by approximately 38% and realized cost savings from the resulting economies of scale. Pepin plans to maintain the enrollment level for the 2013/2014 school year and invest the cost savings in technology to further enrich the students' learning experience.

At the beginning of the 2012/2013 school year, total budgeted General Fund costs were \$1,906,168. Actual General Fund costs for the 2012/2013 school year were \$1,849,657, a positive variance to budget of \$56,511. That variance consists of three primary components: realized cost savings of over \$43,000 from instructional staff realignment, cost savings of nearly \$60,000 from changes in the method of calculating the administrative fee due to the sponsoring school district, offset by additional costs of approximately \$39,000 in the costs of furniture to outfit the classrooms needed for our increase in enrollment.

The 2013/2014 school year will bring the following changes:

- Effective July 1, 2013 the charter of a sister school, Pepin High School (PHS), has been renewed for an additional 10 years. As part of this renewal, Pepin is combining Pepin Middle School's operations with the operations of its sister schools, Pepin Elementary School (PES) and PHS, under the PHS charter and the reporting entity will include services rendered to students in grades K – 12.
- The name will be changing to Pepin Academies.
- A satellite campus will be opening to serve approximately 120 students in the Riverview, Florida area.
- The computer infrastructure will be expanded and upgraded and other capital and operating improvements will be made to better serve Pepin's students.

Management's Discussion And Analysis
June 30, 2013

Pepin anticipates that the net increase in the General Fund balance during the year ending June 30, 2014 will approximate \$15,000, a year-over-year decrease of approximately \$131,000 from the \$145,948 increase in fund balance for the year ended June 30, 2013.

It is anticipated that the administrative cost savings associated with combining operations with PES and PHS, together with continued operating efficiency savings realized from the 2012/2013 expansion will furnish ample resources to fund the computer infrastructure upgrade and Riverview expansion.

Pepin is very confident that it has the staff and other resources in place to effectively manage the school and plan to capitalize on its proven ability to effectively serve its students at the highest level.

Pepin serves a population of students on a full-time basis with a wide range of learning disabilities. Because of this population, each student at Pepin has an IEP (Individual Education Plan). The level of funding for each student at Pepin is determined by the need or level of service each individual child requires. A representative from the School District of Hillsborough County, Pepin staff, and each student's parent(s) or guardian(s) determines these levels jointly.

Note A - Reporting Entity

The Pepin Academies, Inc. (Academies) is a not-for-profit corporation formed under the laws of the state of Florida on April 20, 1999. Academies operates four charter schools, one of which is Pepin Middle School (Charter School). The governing body of the Academies is the not-for-profit corporation board of directors composed of no less than three members.

The general operating authority for the Charter School is contained in Section 228.056, Florida Statutes. The Charter School operates under a charter of the sponsoring school district, the Hillsborough County District School Board (District). The Charter School's current charter is effective until June 30, 2013. The charter may be renewed at the end of the contract term provided that the program review demonstrates that the Charter School's purpose has been successfully accomplished. At the end of the term of the charter, the District may choose not to renew the charter under grounds specified in the charter, in which case the District is required to notify the Charter School in writing at least 90 days prior to such action. During the term of the charter, the District may also terminate the charter if good cause is shown. In the event of termination of the charter, any property purchased by the Charter School with public funds and any unencumbered public funds revert back to the District. The Charter School is considered a component unit of the Hillsborough County District School Board and, for financial reporting purposes, is required to follow generally accepted accounting principles applicable to state and local governmental units.

Criteria for determining if other entities are potential component units of the Charter School that should be reported with the Charter School's general purpose financial statements are identified and described in the Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600.

The application of these criteria provides for identification of any entities for which the Charter School is financially accountable and other organizations for which the nature and significance of their relationship with the Charter School are such that exclusion would cause the Charter School's general purpose financial statements to be misleading or incomplete. Based on these criteria, no component units are included within the reporting entity of the Charter School.

Note B - Summary Of Significant Accounting Policies

Basis Of Presentation

The Charter School's basic financial statements have been prepared in accordance with generally accepted accounting principles as prescribed by GASB. Accordingly, both government-wide (reporting on the Charter School as a whole) and fund financial statements (reporting on the governmental funds only) are presented. Both the government-wide and fund financial statements present only governmental activities. The Charter School has no business type activities.

Basic Financial Statements - Government-Wide Financial Statements

In the government-wide statement of net position, the Charter School's governmental activities are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and other obligations. The Charter School's net position is reported in three parts (as applicable): invested in capital assets, net of related debt; restricted net position; and unrestricted net position.

The Pepin Academies, Inc. d/b/a Pepin Middle School
A Charter School And Component Unit Of The Hillsborough County District School Board
Notes To Basic Financial Statements
June 30, 2013

The government-wide statement of activities reports both the gross and net cost of each of the Charter School's functions. The functions are also supported by general government revenues (funding from the sponsoring school board). The statement of activities reduces gross expenses (including depreciation) by related program revenues and operating grants. Program revenues must be directly associated with the function. Operating grants include operating-specific and discretionary grants.

The net costs, by function, are normally covered by general revenue funding from the sponsoring school district.

The government-wide financial statement focus is more on the sustainability of the Charter School as an entity and the change in the Charter School's financial position resulting from the current year's activities.

Basic Financial Statements - Fund Financial Statements

The Charter School's financial transactions are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund balance, revenues, and expenditures/expenses.

The individual generic fund type in the Charter School's financial statements is a governmental fund. The focus of the governmental fund's measurement (in the fund statements) is on determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than on net income.

The Charter School utilizes the following governmental funds:

- Special Revenue Fund - Accounts for the proceeds of specific revenue sources and grants that are restricted by law or administrative action to expenditures for specific purpose and to provide a single source of accountability for all the monies received.
- Debt Service Fund - Accounts for the accumulation of resources for, and the payment of, general long-term debt principal and interest.
- General Fund - Accounts for all financial activity not required to be accounted for in another fund.

For purposes of these financial statements, the above funds are considered to be major funds.

Current accounting guidance defines the different types of fund balances that a governmental entity must use for financial reporting purposes and requires the fund balance amounts to be properly reported within one of the fund balance categories listed below:

- *Nonspendable* fund balance is associated with items such as inventories, prepaid expenses, long-term loans and notes receivable, and property held for resale (unless the proceeds are restricted, committed, or assigned).
- *Restricted* fund balance includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.
- *Committed* fund balance includes amounts that can be used only for the specific purposes determined by a formal action of the District Board (the Charter School's highest level of decision-making authority).
- *Assigned* fund balance is intended to be used by the Charter School for specific purposes but that do not meet the criteria to be classified as restricted or committed.
- *Unassigned* fund balance is the residual classification for the Charter School's general fund and includes all spendable amounts not contained in the other classifications.

The Charter School's policy is to apply expenditures against nonspendable fund balance, restricted fund balance, committed fund balance, assigned fund balance, and unassigned fund balance at the end of the fiscal year by adjusting journal entries.

Basis Of Accounting

Basis of accounting refers to the point at which revenues or expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

- *Accrual* - Governmental activities in the government-wide financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

- Modified Accrual - The fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year-end. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for federal, state, and other grant resources, revenue is recognized at the time the expenditure is made. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exceptions to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

Budgetary Basis Accounting

Budgets are presented on the modified accrual basis of accounting. During the fiscal year, expenditures were controlled at the object level (e.g., salaries and benefits, purchased services, materials, and supplies, and capital outlay).

Revenue Sources

Revenues for current operation are received primarily from the Hillsborough County District School Board pursuant to the funding provisions included in the Charter School's charter. In accordance with the funding provisions of the charter and Section 1002.33, Florida Statutes, the Charter School reports the number of full-time equivalent (FTE) students and related data to the District. Under provisions of Section 1011.62, Florida Statutes, the District reports the number of FTE students and related data to the Florida Department of Education (FDOE) for funding through the Florida Education Finance Program (FEFP). Funding for the Charter School is adjusted during the year to reflect the revised calculations by the FDOE under the FEFP and the actual weighted FTE students reported by the Charter School during the designated FTE student survey periods.

The basic amount of funding through the FEFP under Section 1011.62 is the product of the (1) unweighted FTE, multiplied by (2) the cost factor for each program, multiplied by (3) the base student allocation established by the legislature. Additional funds for exceptional students who do not have a matrix of services are provided through the guaranteed allocation designated in Section 1011.62(1)(e)(2), Florida Statutes. For the 2012/2013 school year, the Charter School reported 162.5000 unweighted FTE. Weighted funding represented approximately 57% of total state funding.

FEFP funding may also be adjusted as a result of subsequent FTE audits conducted by the Auditor General pursuant to Section 1010.305, Florida Statutes, and Rule 6A-1.0453, Florida Administrative Code (FAC). Schools are required to maintain auditable records and the following documentation for three years or until the completion of an FTE audit:

- Attendance and membership documentation (Rule 6A-1.044, FAC)
- Teacher certificates and other certification documentation (Rule 6A-1.0503, FAC)
- Procedural safeguards for weighted programs (Rule 6A-6.03411, FAC)
- Evaluation and planning documents for weighted programs (Sections 1011.62(1)(e), FS, and Rule 6A-03411, FAC)

The Charter School receives federal awards for the enhancement of various educational programs. This assistance is generally received based on applications submitted to and approved by various granting agencies. For federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred. These funds are accounted for in the Special Revenue Fund.

The Charter School receives charter school capital outlay funding from the District. The amount received under this program is based on the Charter School's actual and projected student enrollment during the year. Funds received under this program may only be used for lawful capital outlay expenditures and are accounted for in the Debt Service Fund.

Additional revenues are derived from fundraising activities, contributions and investment earnings.

Cash

Cash consists of demand deposits with commercial banks. From time to time, cash balances may exceed federally insured limits. Management believes the risk of loss is remote.

Capital Assets

Expenditures for general capital assets acquired for general school purposes are reported in the Governmental Funds that financed the acquisition. The capital assets acquired are reported at cost, net of accumulated depreciation, in the government-wide financial statements. Capital assets are defined by the Charter School as assets that are used in operations and have useful lives that extend beyond a single accounting period. All capital assets are depreciated using the straight-line method over the estimated useful lives of the assets, 30 years for building improvements and five to seven years for furniture, fixtures, and equipment.

Income Taxes

The Academies is a not-for-profit organization exempt from income taxes under the provisions of Section 501(c)(3) of the Internal Revenue Code; therefore, no provision for income taxes has been made in these basic financial statements. The Academies has also been classified as an entity that is not a private foundation within the meaning of Section 509(a) and qualifies for deductible contributions as provided in Section 170(b)(1)(A)(vi).

Uncertain Tax Positions

The Academies has evaluated its tax position for all open tax years and has not identified any uncertain tax positions which would require disclosure in the financial statements. The Academies is not subject to examination by the Internal Revenue Service (IRS) for years before 2009. The Academies is not currently under audit nor has the Academies been contacted by the IRS.

Use Of Estimates

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the basic financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Concentration Of Revenue Sources

Approximately 93% of the Charter School's revenue is derived from grants from the federal government passed through the State of Florida Department of Education; and state and local funds passed through the District, which is renewable every 10 years. The level of the Charter School's operations and program services may be impacted or segments discontinued if funding is not renewed.

Allocation Of Indirect Costs

Depreciation expense in the government-wide financial statements is allocated to a function based on the function's usage of the related capital asset.

Change In Accounting Principles

The Charter School implemented GASB Statements 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, and 65, *Items Previously Reported as Assets and Liabilities*, in the fiscal year ending June 30, 2013. In accordance with GASB Statement 63, the Statement of Net Assets has been replaced with the Statement of Net Position. Items on the Statement of Net Position are now classified into Assets, Liabilities, Deferred Inflows of Resources, and Net Position.

Notes To Basic Financial Statements
June 30, 2013

Certain common expenses, including the costs associated with the buildings and equipment discussed above, are paid by the Academies and allocated proportionately to the schools based on each school's FTEs or other drivers based on resource usage. The remainder of each school's expenses is paid directly by the respective school. During the year ended June 30, 2013 the following expenses, including the costs associated with the buildings and equipment discussed above, were paid by the Academies and allocated to the Charter School:

Instruction	\$	48,225
Pupil personnel		14,144
Instructional media services		1,500
Instructional staff training		7,228
School administration		34,465
Facilities acquisition		102,350
Fiscal services		5,043
Food services		31,750
Transportation		912
Plant operating costs		130,874
Maintenance of plant		3,962
Debt service interest		151,551
	\$	<u>532,004</u>

The Charter School in turn remitted \$651,925 to the Academies during the year ended June 30, 2013 in payment of these expenses and expenses incurred by the Charter School in the prior year.

The debt service interest allocated represents the estimated rental value of the portion the total facility utilized by the Charter School.

At June 30, 2013, the net amount due the Charter School on noninterest-bearing advances to and from the Academies, Pepin Elementary School, Pepin High School, and Pepin Transitional School was \$359,864.

Academies, Inc. was formed to promote and raise funds for the Charter School and the other Academies' schools. During the year ended June 30, 2013, the Charter School's share of fundraising proceeds allocated from this entity was \$13,521.

Note G - School Employees Benefit Plan

The Charter School maintains a Cash or Deferred Profit-Sharing Plan (Plan) for eligible employees. Employees may contribute to the Plan up to the lesser of 75% of their compensation or the annual limit as defined by the Internal Revenue Service. The Charter School may, but is not required to, make a discretionary matching contribution to the Plan. During the year ended June 30, 2013, the Charter School made discretionary matching contributions to the Plan totaling \$16,542.

Note H - Subsequent Events

On July 1, 2013, the Pepin High School charter was renewed as a kindergarten through grade 12 charter expiring June 30, 2023. Additionally, the name of the school was changed to Pepin Academies. Effective July 1, 2013 all students previously served by Pepin Elementary School, Pepin Middle School, and Pepin High School will be served by Pepin Academies.

Management has evaluated all events subsequent to the statement of net position date of June 30, 2013 through September 27, 2013, which is the date these financial statements were available to be issued.

**Independent Auditor's Report On Internal Control Over Financial Reporting
And On Compliance And Other Matters Based On An Audit
Of Financial Statements Performed In Accordance
With *Government Auditing Standards***

Board of Directors
The Pepin Academies, Inc.
d/b/a Pepin Middle School
Tampa, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of The Pepin Academies, Inc. d/b/a Pepin Middle School (Charter School), a component unit of the Hillsborough County District School Board, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise Charter School's basic financial statements, and have issued our report thereon dated September 27, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered The Pepin Academies, Inc. d/b/a Pepin Middle School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Charter School's internal control. Accordingly, we do not express an opinion on the effectiveness of The Pepin Academies, Inc. d/b/a Pepin Middle School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

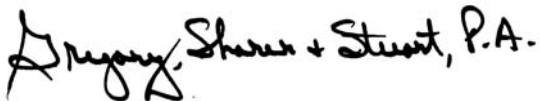

Compliance And Other Matters

As part of obtaining reasonable assurance about whether The Pepin Academies, Inc. d/b/a Pepin Middle School 's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Management Letter

Board of Directors
The Pepin Academies, Inc.
d/b/a Pepin Middle School
Tampa, Florida

We have audited the financial statements of The Pepin Academies, Inc. d/b/a Pepin Middle School, a component unit of the Hillsborough County District School Board, as of and for the year ended June 30, 2013, and have issued our report thereon dated September 27, 2013.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. We have issued our Independent Auditor's Report On Internal Control Over Financial Reporting And On Compliance And Other Matters Based On An Audit Of Financial Statements Performed In Accordance With *Government Auditing Standards*. Disclosures in that report, which is dated September 27, 2013, should be considered in conjunction with this management letter.

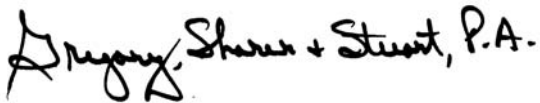

Additionally, our audit was conducted in accordance with Chapter 10.850, Rules of the Auditor General, which governs the conduct of charter schools and similar entity audits performed in the state of Florida. This letter includes the following information, which is not included in the aforementioned auditor's reports:

1. Section 10.854(1)(e)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations made in the June 30, 2012 financial audit report.
2. Section 10.854(1)(e)2., Rules of the Auditor General, requires a statement be included as to whether or not the school has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that The Pepin Academies, Inc. d/b/a Pepin Middle School did not meet any of the conditions described in Section 218.503(1), Florida Statutes, which may result in a state of financial emergency.
3. Section 10.854(1)(e)3., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.
4. Section 10.854(1)(e)4., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.
5. Section 10.854(1)(e)5., Rules of the Auditor General, requires the name or official title of the school. The official title of the school is The Pepin Academies, Inc. d/b/a Pepin Middle School.

6. Section 10.854(1)(e)6.a. and 10.855(11), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor The Pepin Academies, Inc. d/b/a Pepin Middle School's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate, the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, and applicable management and is not intended to be and should not be used by anyone other than these specified parties.
