<p>Discussion:</p>	<p>3.) Community Relations Report</p> <p>Lauren:</p> <ul style="list-style-type: none"> • Julie Ames Special Needs Family Hour Radio Show looking for Pepin representatives to be on the show. We are a sponsor of the show. • Gala thank you letters and IRS letters are going out now • Lime, Inc. – Possible paid internships with fortune 500 companies for students that graduate from college • Gala grossed \$200,000 and net \$155,000. • Jeff: Farewell to Lauren Bergold
<p>Discussion:</p>	<p>4.) Legislative Report</p> <p>Natalie:</p> <ul style="list-style-type: none"> • During regular session there wasn't an agreement on a balanced budget. • Overall budget: \$78,697,999,841 • Vetoed: \$461.3M • FTP – approx. \$7,900 per student for based funding. • Craig: we will receive more based on the individual needs of our students • PECO: \$50,000,000 for charter schools, which is a reduction from previous years. • Senator Lange discussed moving to an equity model. There will have to be concessions from charter schools. Being that charter schools are funded with tax payer dollars, these schools will have to be maintained by public interest. • PLA for children with disabilities: \$55,000,000 allocated for this scholarship, which is an increase from last year. It doesn't directly impact Pepin because it only can be used if the student isn't in a public school. At the same time be mindful that some of our students may opt out of the public school system on order to tap into these funds. • K-8 uniforms: If a district adopts a policy to create an official uniform policy schools will receive \$10.00/ student. • \$44,000,000 was set aside for teacher bonuses. Teachers that were rated as highly effective and that scored a certain score on SAT will be given a bonus. • \$60,000,000 may be available for technology needs depending on what the veto meant in regards to this money. • Session should start in January and should be done in March

<p>Discussion:</p>	<p>5.) Finance Report</p> <ul style="list-style-type: none"> • Charles Burke went over financial report. • Topics discussed: End of year financials - \$9,000,000 in revenue and a deficit of \$60,000 for the year. Cash wise we are in good shape with 1.5 million in reserves. Funding for IDEA Grant: calculating the idea of funding for us. Looking at insurance increases (liability, property). • Scott: With a net loss of \$60,000 what are the implications of having a loss two years in a row? • Shelley: Why is there such a big variance in instructional supplies and food services from year to year? • Stacy: Explain salary increases?
	<p>6.) Principal's Report</p> <p>Craig:</p> <ul style="list-style-type: none"> • A lot of cleaning and moving around to prepare for the school year to begin • 3 of our new teachers are from USF. • USF Summer Institute is in progress and going well; we have been able to recruit/ hire 9 teachers through the USF Program • Our charters are now combined as part of consent agreement • Marva Johnson toured Pepin during our PBS Carnival; she commented at the state board about Pepin, and how we are doing great things for kids. Is this a good time? Recommendations? • Jeff: Our board doesn't come out as being a group that is doing much. We need to do more so that we can be an involved piece. What is the best way to accomplish this? Going to suggest that we split our meetings between the school and Pepin Distribution. • Suggestions: Need a better tool for communication, start sending a message from the board, which will be added to our weekly newsletter, email board members Pepin event dates in advance so they can attend, email teachers with board meeting dates. • Final Decision: Meetings will remain at current location on the last Monday of the month.
<p>Discussion & Action:</p>	<p>11.) Budget</p> <ul style="list-style-type: none"> • Charlie went over budget for upcoming school year.

	<ul style="list-style-type: none"> • Different than in the past. A lot of our numbers are driven by students and payroll. These items are the majority of our cost. Second to that would be insurance and instructional materials. • Projecting 705 for our head count. We are being conservative and we went with a 2% increase with FTE funding per student. Brought capital outlay down by 2/3 from last year. Looking at 9.7 million in revenues for the year.
